2023

12.02.2023

Dear colleagues, dear sailors, supporter of the Swiss Sailing League, dear all.

There is a lot going on in "SSLA Land" Following some points to keep you updated about the pre-seasonal preparation.

1. NoR for SSL Series and Women's League

The NoR for the two series have been published in manage2sail; registrations to the individual events can be made. See in M2S: Swiss Sailing League 2023 Registration Information Overall Ranking.

2. One place free in the Promotion League 2023

With the withdrawal from the CER, there is a vacancy in the Promotion League 2023.

3. Boat No. 7 of SSLA

The purchasing contract is signed and we'll make the take over of the boat on March 5, 2023. It is the famous boat SUI 1045 and will be used for the first time at the Sailing Camp in Punat in Croatia.

4. Maja Dorfer

The new elected board member Maja Dorfer has cancelled her assignment due to a business move to Germany (Sylt). It is too far away to be fully active for the SSLA. The SSLA board regrets this departure but understands the circumstances. Maja invested a great dedication to SSLA; we were very grateful to her. Luckily, Maja will continue to support SSLA with regards to sponsor acquisition. Thank you!
