In order to promote the sailing sport, which is heavily hit by Covid-19 in general, and the Youth sailing in particular, the board of the SSLA Swiss Sailing League Association, in cooperation with the ScStM sailing club, decided to offer the youth teams the following, very extremely attractive offer:

Tue - Thu (July 14-16): Training on J70, for FREE

Fri - Sun (July 17-19): EFG Swiss Sailing League Youth Cup 2020

6 days sailing in St. Moritz, in summer, just cool!

We thank the Swiss Sailing League sponsors EFG, Mobiliar, Auto AG and especially pasovela ag for their great support.

The Notice of Race (NOR) will be completed in the near future and the program will be adjusted accordingly incl. Covid-19 protection programme.

Below you will also find a list of accommodation options - please book soon, because it only has space as long as possible (contact the Tourism Office if necessary)! Of course, we will develop a protection concept that will ensure the highest possible protection for all participants and those involved.
