Sunday evening

Because of the very strong wind on Sunday evening, we were not able to take out the boats as planned at port Tiefenbrunn-Zurich. So we had to move to Wollishofen. With this change, we also had to move packing material and all the trailers. This messed up our schedule and our standard organization was not working at all. A BIG THANK YOU! goes to team Horgen, our boatsman Peschä and Ralph Natter, who helped us with the boats till late in the evening.
